Reveals At Least 150 Jap Planes Destroyed In South Pacific Areas

(U. N. S. Staff Correspondent)

MELBOURNE, April 29.—Arrival of strong additional United States reinforcements in Australia was revealed today by Prime Minister John Curtin who at the same time warned that the danger of a Japanese invasion of the commonwealth had not subsided.

He disclosed that at least 150 Japanese bomber and fighter planes had been destroyed and at least another 100 damaged by United Nations air action at New Guinea and elsewhere in the southwest Pacific.

Speaking before the Australian house of representatives in Canberra, Curtin said:

Attack Still Danger

"Notwithstanding the Japanese losses of aircraft and shipping, the government regards an outright attack on Australia as a constant and undiminished danger."

Then he disclosed that strong additional United States reinforcements were being sent to Australia.

PA NEW OBSERVES

Pa New has heard of a lot of young people who have already had their first swim of the season. Temperatures during the past week have been almost like mid-summer.

New Castle and Lawrence County are specifically included in the rent freezing orders issued from Washington during the night. Likewise all of the price fixing regulations will also apply here.

Apple trees are beginning to bloom, and in a few days the orchards of Lawrence County will be at their most beautiful stage.

While a couple of weeks ago there was danger of near flood stages on local streams because of the heavy rainfall, conditions are now the opposite, and the ground is exceedingly dry. Pa New is told that rain is badly needed for the farms.

The stock had a busy day at the Jameson Memorial hospital yesterday, six babies being born in a space of 24 hours, or an average of one every four hours.

New Castle missed much needed rains which fell nearby late Tuesday afternoon and evening. Lightning could be observed flashing to the southeast during the early evening, but just a tiny sprinkle fell here.

A resident of Laurel boulevard called Pa New this morning to suggest that persons out driving, travel down the Laurel boulevard parkway to view the beautiful trees, now in blossom. There are cherry trees, dogwood, peach trees and a number of others in blossom.

### Price Ceilings Set For Most Everything To Halt Inflation

By JACK VINCENT  
(U. N. S. Staff Correspondent)

WASHINGTON, April 29.—Price Administrator Leon Henderson today planned to blanket the nation's 1,970,000 wholesale and retail business firms under a life-or-death licensing system to enforce his sweeping orders freezing rents and setting ceiling prices on "virtually everything that Americans eat, wear or use."

Henderson, in issuing the historic decree which ended free economy in the United States for the duration of the war and covers "literally millions of articles," warned that

the country must expect more and more rationing; go back to 1932 depression year levels of per capita consumption by 1943; increase its savings and pay higher direct taxes and social security levies.

Wage Stabilization Near  
"With price stability, wage stabilization... becomes a practical goal of public policy."

In the order on prices, Henderson fixed the highest prices charged in March of this year as "an absolute ceiling over virtually everything Americans eat, wear and use." The order will become effective May 11 on manufacturers and wholesale prices and on May 18 on retail costs.

### Four Lawrence County Flyers Receive Wings

(Special To The News)

GULF COAST TRAINING CENTER, Texas, April 29.—From six hive-busy advanced pilot training schools—two more than were in production last graduation day five weeks ago—the largest class of flying fighters ever graduated from a U. S. training center today swarmed forth to combat units and instructing tasks.

Officers at training center headquarters, Randolph Field, looked at the roster of class 42-D, which included 85 men from Pennsylvania and with typical army residence smiled broadly: "Encouraging." Even before Pearl Harbor the goal was 30,000 pilots a year.

### U. S. Naval Forces In Mediterranean

British Circles Are Jubilant Over Revelation By President Roosevelt

(International News Service)

LONDON, April 29.—Official British circles were jubilant today over President Roosevelt's revelation of the heretofore closely-kept secret that United States naval forces were operating in the Mediterranean.

Authoritative sources said it could not be disclosed at this time whether the American warships were reinforcing the British Mediterranean fleet or operating independently but it was felt that the U. S. vessels were working in close cooperation with the British.

The command of United Nations vessels operating in the same waters, it was pointed out, is a matter for local arrangement. It is the usual naval practice to have a senior naval officer in charge of a combined force command. In this connection it was pointed out that all destroyers operating off the American Atlantic seaboard are under command of a ranking American naval officer responsible for that area.

### CONFUSED GERMANS SHOOT EACH OTHER

(International News Service)

MOSCOW, April 29.—Units of the German army in Russia fired on each other for three hours during confusion resulting from a daring attack by Soviet scouts on a village garrison far behind the Nazi lines, a Moscow communique supplement said today.

The episode occurred on a sector of the northwestern front, the report said.

Moscow Reports Counter Thrusts Also Beaten On Kalinin Front

(International News Service)

MOSCOW, April 29.—Repeated German attempts to launch a counter-offensive in the vital Smolensk area of the Russian front have been smashed by the Red army with heavy losses to Adolf Hitler's forces, advisers reaching Moscow disclosed today.

At the same time, the supplement to an official Soviet communique said the Russians had also beaten back German counter-thrusts in one sector of the Kalinin front, northwest of Moscow, and had improved their own positions in an offensive maneuver at another point in the same area.

Tanks and aircraft figured heavily in the attempted Nazi counter-attacks east of Smolensk, but all of the thrusts were unsuccessful and the Germans lost a thousand men in the process, a report said.

In the Kalinin front engagements, the Russians claimed to have killed 400 Germans during their own advance and an additional 200 Nazis while repulsing the counter blows.

The regular midnight communique said nothing of major importance occurred on the front during the evening, but reported that 20 German planes had been destroyed (Continued On Page Two)

Crowell, In Foard County, Is Reported As Practically Wiped Out

(International News Service)

CHILLICOTHE, Tex., April 29.—The town of Crowell, county seat of Foard county, with a population of about 1,800, was reported today practically wiped out by a twisting windstorm which hit it last night.

Constable H. F. Bunch, after a trip to Crowell, said at least nine persons were killed and 60 injured.

"I have seen other storms, but nothing that wrecked a place like Crowell," he said. "Both the business and residence districts were leveled by the wind. Most of the buildings were blown off foundations or away, and those left standing were damaged. A heavy rain came with the wind."

All wire communication with Crowell was broken. Word was sent by messenger to surrounding county seat towns and officials, and relief parties quickly were organized. Sheriff Malon Owens of Hardeman county, headed a party of volunteers from Quanah. He had not reported back to his office early today and was said to be working in Crowell.

Reports of the storm and damage were sent to Vernon and Benjamin. Ambulances, doctors, nurse and fire fighting equipment were sent into the stricken area. The storm hit about 10 o'clock. The dead and injured were in their homes in the majority of cases.

### Only 'Refills' To Be Available Is Warning Given

(International News Service)

WASHINGTON, April 29.—The war production board warned women today that only refills will be available in quantity in "the near future" for powder, lipstick and possible even nail polish.

It called on women to save the metal and plastic containers in which they buy their lipsticks and other beauty aids they also were urged to save cleansing cream and cold cream jars, and all types of bottles, including nail polish bottles.

The WPB declared that "special care" should be given in saving the lids and caps on bottles and jars. It pointed out that the scarcity of metals because of the war requires that jars be made only with paper, cellophane or other non-permanent lids.

"If women save these containers they will probably be able to buy adequate quantities of refills," the WPB said. "This has been the procedure adopted in England since the outbreak of the war."

### Find Girl Dead In Auto Parked In Closed Garage

Discovery In Pittsburgh Solves Mystery Of Disappearance Of Week

(International News Service)

PITTSBURGH, April 29.—The body of attractive Helen Mae Rodgers, 29, who had been dead about a week, was discovered early today in her auto parked in a closed garage in the East End. The car's gas tank was empty, leading police to believe she died of carbon monoxide fumes.

Her mother, Mrs. Elsie Rodgers, who was reached by telephone at her Altoona home, said her daughter had been operated on several times and was not in good health. She said the daughter had lost her job as a stenographer at Bendix Westinghouse Automotive Airbrake Company about six months ago.

The body, clad in an negligee and housecoat, was found by a police lieutenant who had been investigating a complaint by a neighbor that a "strange odor" had been noticeable in the immediate area of his garage. Police said they found a purse containing \$13 and a glass bank containing \$20 in the young woman's tastefully-decorated apartment.

(International News Service)

WASHINGTON, April 29.—Fourteen Pennsylvania areas among 302 in the nation today were designated by Leon Henderson as defense rental areas where rents will be stabilized at levels no higher than existed on March 1, 1942.

The price administrator's action thus voided rent increase of May 1.

"The control of rents is a war measure," Henderson said. "It is an important and essential part of the over-all ceiling on prices. Next to food, this is the largest single item in the family budget. Effective price control requires rent control."

"I appeal to every landlord and every tenant to cooperate with each other and their government to guarantee the success of this program."

However, Henderson cautioned that rents will not be reduced immediately by this action.

As the scrap collection trucks come in every afternoon from the rural districts it becomes more and more apparent that the farmers of the county are back of the scrap collection drive in a big way. No idea as to tonnage can be gotten yet but there seems little doubt that it will be large.

Discarded farm machinery, bars, angle iron, worn out gas engines, oil drums, these are but a sample of the kind of scrap that is being turned in.

In the city the trucks are still working last week being insufficient time to get all the scrap. Householders are urged to put their window stickers in the front windows in order that the scrap collectors will know they have been cared for.

GERMANS MAKE ATTACK AT YORK

Report Damage To Rostock Such That Evacuation Of Town Is Necessitated

(U. N. S. Staff Correspondent)

LONDON, April 29.—The Royal Air Force, carrying out orders to "destroy the enemy's capacity to make war," again bombed the Nazi naval base at Trondheim and heavily raided Hitler's principal naval port at Kiel on Germany's Baltic coast, the air ministry announced today.

Airdromes in the low countries and a German power station at Ghent in occupied Belgium also were blasted.

Large fires were started by the bombing at Kiel, where one German fighter was shot down. The British lost nine bombers over enemy territory.

# Japs Are Bombed At New Guinea

## Airdrome At Lae Battered

New Air Attack By Japanese Against Airdrome At Port Moresby

JAP REINFORCEMENTS BEING BROUGHT UP

(BULLETIN)  
UNITED NATIONS HEAD-QUARTERS IN AUSTRALIA, April 29.—A large ammunition dump was destroyed by United Nations fliers in a raid on the Japanese airdrome at Lae, New Guinea, Gen. Douglas MacArthur announced in a communique today.

A new Japanese air attack against the United Nations airdrome at Port Moresby was said to have caused only slight damage. The United Nations fliers suffered no losses at Lae, General MacArthur said.

Two Jap Bombers Lost  
Two Japanese bombers were destroyed, he revealed, when the enemy raided the American fortress of Corregidor in Manila bay. The artillery duel between fortress guns and Japanese emplacements on Bataan peninsula continues, he said. Continued enemy movements were said to be taking place in the Cagayan valley on the island of Luzon while on Mindanao some patrol activity was reported in the Zamboanga area.

Reports received from a United Nations advanced base indicated possibility of a Japanese attempt to launch an attack against Port Moresby within two weeks. At least 15 Japanese ships, including seven large transport vessels, were said to have been sighted at Rabaul and Lae.

Reinforcements For Japs  
There were continued reports of the arrival of Japanese air reinforcements. The United Nations campaign to maintain steady attacks against enemy bases at New Guinea and New Britain was said to be growing increasingly difficult. A correspondent of the Sydney Sun said that Australian and American fliers were attacking Rabaul in bombing planes without fighter protection.

So far the Japs have concentrated their attacks on air bases at Papua (Australian New Guinea) and northern Australia," the correspondent said, "and the possibility they will pay attention to the north Queensland coast is not overlooked. But indications are that Port Moresby will become the scene of the next major effort. . . the situation in the far north does not call for undue complacency."

United Nations pilots, stressing the intensification of the air war in the New Guinea theater, were quoted as saying that fighting in that region had become "a lot tougher." The Japanese were said to be bringing in their newest and best aircraft, including an improved model of the naval Zero fighter with more armament and a greater capacity for higher altitudes.

Considerable variation is indicated in the movement of commodity prices, but the trend has been definitely upward, the department of commerce says.

## NEW U. S. FORCES HAVE ARRIVED IN AUSTRALIA

(Continued From Page One)

smaller, well-equipped and including important technical units, had arrived in Australia. "Japanese aircraft losses in allied operations at Darwin, New Guinea and elsewhere," he said, "exceed 150 bombers and fighters, with 100 damaged, but Japan still is able almost at will to reinforce the Timor and New Guinea areas with men and aircraft. Nor have we hitherto been able to weaken substantially the enemy's position in the regions occupied."

War Conference  
Curtin announced the establishment of a prime minister's war conference. It will consist of the prime minister, the commander-in-chief and such ministers and officers as Curtin may choose to summon to deal with important strategic questions.

The position of Australia in the matter of equipment has "materially improved," Curtin said. "In addition to the acceleration of local production of munitions, tanks and guns are arriving from overseas in quantities. Vital war equipment has been received from ships originally destined for the Netherlands East Indies.

Reinforce Air Base  
"Supplies of modern United States aircraft has made possible reinforcement of our northern air bases, resulting in the constant raiding of Japanese bases at New Guinea, New Britain and Timor." The prime minister pointed to the successful bombing attack made against a Japanese airdrome at Lae by a squadron of planes under Brig. Gen. Ralph Royce as an indication of the possibilities of offensive tactics which may be carried out through the growing United Nations air strength.

Then he referred to the critical situation at the French island of Madagascar, in the Indian Ocean off the coast of Africa. "The change in French policy (through the accession of Pierre Laval to power) may facilitate Axis use of Madagascar," Curtin said.

"Such a development would be regarded by Australia with deep concern as it would vitally affect our communications via the Cape and the Middle East."

The Berlin radio today admitted that Soviet forces, supported by tanks and two armored trains, had broken through German lines at one point northeast of Orel on the central front, but claimed that a counter-attack had restored the German position.

A Moscow report leveled new charges of brutality against the Nazis—this time in the occupied village of Ordzhonikidzevgrad. Several Russian women were executed by the Germans, whereupon a group of women rioted, killing one Nazi official, wounding two and beating up others, the report said.

## PRICE CELINGS SET FOR MOST EVERYTHING TO HALT INFLATION

(Continued From Page One)

Exempt are certain raw farm products which are excluded under provisions of the law. Also exempt are sales of fresh fruits and vegetables and poultry and eggs because it would be almost impossible to enforce ceiling prices on these items. Henderson also froze service station motor fuel prices throughout the country with the exception of 17 eastern states where the District of Columbia at maximum retail price levels during March. In the east coast area, service stations are allowed to charge the highest price prevailing during March, plus 4-cent per gallon for gasoline and 2-cent per gallon for diesel fuel.

Startling Provision  
One of the most startling provisions is the plan for enforcement of the order. Henderson said that every wholesale and retail firm from the smallest crossroad store to the biggest wholesale house, will automatically be licensed when the ceiling becomes effective next month. Later, the businesses will be sent registration forms which they must fill out and return.

If the price ceiling is violated, Henderson warned, will be subject to court action and revocation of his license for a period of a year. Penalties also include a \$5,000 fine, a year in jail, or both and civil suits for treble damages. Spokesmen in Henderson's office said that the licensing system gave the price chief virtually life-or-death powers over violators of the decree as far as business survival is concerned.

Control Of Rents  
Simultaneously, saying that control of rents is as important as control of prices, the price czar designated 301 communities in the United States and the Island of Puerto Rico as defense rental areas, and ordered rents to be stabilized at levels of January 1, 1941, or April 1, last year or as of March 1, this year. The areas embrace sections of 46 states, containing 76,000,000 people. New York City is the largest community affected.

Henderson's order on prices covers almost every processed food commodity—such as bread, cake, and bakery products; beef, pork and their products; sugar, fluid milk and cream sold at retail; ice cream; canned meats, soups, canned fruits and vegetables; canned fish; and seafoods; cereals; lard and shortening; coffee, tea, cocoa, salt and spices.

Clothing Covered  
Also covered are all clothing articles, shoes, dry goods and yard goods, soap in all forms, every kind of common fuel including firewood, pipes, cigars, cigarettes, smoking tobacco, drugs, toiletries, furniture and house furnishings, electrical appliances and hardware and miscellaneous agricultural supplies.

The order also was broad enough to put the March ceiling over many services thus setting the rates that can be charged by automobile repair shops, garages, tailors, laundries, dry cleaners and shoe repair establishments. Prices and the fees of doctors, dentists, lawyers, professional workers, barbers and beauty shops are not affected.

In announcing the price-control plan, Henderson explained that national income this year may total \$117,000,000,000. He continued: "Of this amount, it is estimated \$31,000,000,000 will be saved or paid to the government in personal taxes and \$86,000,000,000 will be spent."

Battle Against Inflation  
"The supply of goods and services available will total \$65,000,000,000, computed on the basis of 1941 prices. Making allowances for the increase in prices which took place prior to April 1, 1942, the supply will total \$69,000,000,000. Thus, demand in 1942, unless limited, will exceed supply by \$17,000,000,000."

He added that his price and rent orders comprise only an "important keystone" in the battle against inflation, or the high cost of living. The \$17,000,000,000 "gap" between supply and demand, he declared, must be closed by still other steps such as wage stabilization, increased taxes, more social security levies and greater savings. He declined to say whether he favors enforced savings.

More Rationing  
Meanwhile, he asserted, as shortages develop the country must prepare for more and more rationing. He refused to say what commodity would be next.

Following through President Roosevelt's declaration that the nation must face "spartan living," Henderson, in his statement, said: "The material standing of living of the American people will fall. . . Further reorganization of the economy for war must be accomplished through priorities, allocations, and rationing rather than through price."

"This regulation serves as a setting for companion steps in wage, profits and fiscal policy. . . It is important that the exercise of purchasing power be rigidly confined."

Mrs. Eva Margaret Galbreath  
A highly respected resident of Wampum for the past 60 years, Mrs. Eva Margaret Galbreath, aged 78, passed away at her home in that community Tuesday evening at 6:30 o'clock. She was the widow of the late Charles Galbreath who preceded her in death in 1930.

Mrs. Galbreath was a member of the Wampum Methodist church. Surviving are the following children, Fred of Wampum, Rev. P. A. Galbreath of Corry, Pa.; Mrs. Elton Newton of Ellwood City, Mrs. Ellen Newton of Struthers, O.; Mrs. Myrl Blythe of Ellwood City, William, at home; 36 grandchildren and 18 great-grandchildren.

The body has been removed to the Marshall funeral home in Wampum where funeral services will be conducted Friday afternoon at 2 o'clock. Interment will be in Clinton cemetery.

Friends will be received at the funeral home this evening from 7 to 9 and Thursday afternoon and evening from 2 to 4 and 7 to 9 o'clock.

Harry Hufton  
After a short illness, Harry Hufton, aged 81 years, of McKeesport, passed away on Tuesday afternoon at 4:30 o'clock at the home of his daughter, Mrs. R. W. Patterson, Ellwood City.

Mr. Hufton came to Ellwood a week ago for a visit and was taken ill, his death coming quite suddenly. A former resident of Leasue avenue, New Castle, Mr. Hufton was well known and esteemed throughout the district. While in New Castle, he was a member of the First Methodist church. After he moved to McKeesport, he was employed by the Tin Plate company, and was now retired.

He is survived by his wife, Mrs. Catherine Hufton; two daughters, Mrs. R. W. Patterson and Mrs. Harold Seidel, Ellwood City; two sons, Elmer and Gary, Ind.; and Elmer and V. Hufton, McKeesport; six grand and two great-grandchildren. Funeral services will be held on Friday afternoon at 2 o'clock from the home of his son, E. V. Hufton, 1835 Federal street, McKeesport, where friends will also be received.

C. S. Funk Funeral Time.  
Funeral services for Charles S. Funk, aged 77, Pulaski township, will be conducted Thursday afternoon at 2 o'clock from the Pulaski Methodist church with the pastor, Rev. James A. Cousins, in charge. Interment will be in Fair Oaks cemetery, New Wilmington.

Mr. Funk, who had been ill for about four months with a heart condition, passed away Tuesday morning at 11:40 o'clock at the home of his son, Dewey Funk, Pulaski.

Born in New Castle on February 28, 1865, a son of William and Louisa Bohman Funk, Mr. Funk had lived in Pulaski township about 16 years. He was a retired farmer. Forty-nine years ago he was married to Martha Swogger Funk who preceded him in death two years ago. Mr. Funk was a member of the Methodist church at Newport.

Survivors are the following children, John H. of Coatsville road, Earl H. Wilson of Miami, Fla., Mrs. Myrtle Reese of Pulaski, Harry S. of New Wilmington, Dewey of Pulaski, Mrs. Mabel of Pulaski, Mr. Annabelle Lewis of New Bedford; one brother, William Funk of Hopkins, Mich.; 17 grandchildren and four great-grandchildren.

The body is at the Sharp funeral home in New Wilmington where the family will receive friends this evening from 7 to 9 o'clock.

## LAST DITCH STAND PLANNED TO HOLD LASHIO IN BURMA

(Continued From Page One)

they were able to gather up, waited at the border while arrangements were made to find safe haven for them in China.

The immediate objective of the Japanese was severance of the railway between Lashio and Mandalay, to the southwest. While one column headed toward Hsipaw, between Mandalay and Lashio, other units apparently were maneuvering for a direct drive on Lashio.

Rapid Advance  
The rapid advance of the invaders' mechanized forces across the Shan State Mountains, enabling the Japanese to pass prepared Chinese defenses between Pyinmya and Mandalay on the Rangoon-Mandalay railway, forced the civil government at Maymye, 30 miles east of Mandalay, to evacuate for fear of being trapped.

The Japanese were estimated to have some five divisions, with a total of 100,000 men, following up their advanced spearheads through central Burma.

The Chinese destroyed the highway system below Lashio and Hsipaw in an attempt to slow up the advance of enemy mechanized units while other defending units to the south slashed eastward in an effort to break up the Japanese lines of communications.

Latest reports indicated the invaders were within 60 miles of the Mandalay-Lashio railway below Hsipaw.

Lubbock, Texas. These pilots made each training flight with the thought: "This is a bombing mission."

"Snug cockpits in the air forces' super-fast, lead-splitting pursuit planes were the prospects for graduates from single-engine pilot schools at Kelly Field, Brooks Field, both near San Antonio; Foster Field, Victoria; Moore Field, Mission.

The pilots who graduated from the schools at Mission and Lubbock held the honor of being in the first class to get wings at those schools.

Out to obscure villages and big cities of America went a silver stream of miniature wings to mothers and girl friends named homophony and girl friends named homophony and girl friends named homophony.

Custom first began at Kelly Field, with this class has spread to all advanced schools.

## RUMORS HEARD ABOUT IL DUCE

(Continued From Page One)

Count Ciano and Marshal Badoglio, among other officials, supposedly on Adolf Hitler's speech Sunday to the German Reichstag.

Hitler's speech, widely interpreted as indicating trouble on the German home front and failing to contain the usual promises of new victories, was reported to have generated much additional gloom among the leaders of harassed Italy.

LONDON, April 29.—Informed London quarters said today that no information had been received here to support sensational reports from Berne and Buenos Aires that a crisis in Italy is imminent.

These circles said the reports should be treated with the greatest reserve.

No information has been forthcoming to indicate that popular dissatisfaction in Italy is likely to crystallize in an active movement against the regime.

It is felt here that the German grip on Italy is too tight to permit demonstrations and the Italians themselves, it was said, probably are too disheartened to undertake any active steps now.

The cosmetic industry of the United Kingdom is now operating at about one-quarter of peacetime capacity, according to the department of commerce.

## Bomb Defense School To Meet

Industrial Representatives And Auxiliary Firemen To Have Session

Another meeting of auxiliary firemen and representatives of various industrial plants of the city, who must serve prison terms for distributing false nominating petitions, will take place on Thursday evening at 8 o'clock in Ben Franklin Junior high school.

Further instruction in this vital phase of home defense will be given at this time.

## SENIOR HI-Y CLUB DINNER MEETING

At the Y. M. C. A., Thursday evening, at 7:15, the Senior Ne-Ca Hi-Y club will sponsor an army style banquette dinner, at their regular meeting. All members and prospective members are welcome to attend, also high school juniors and sophomores interested in the Hi-Y movement, as special guests of the club.

A good program has been planned, with a special speaker.

A refreshing swim in the Y pool will conclude the evening.

Almost everything in Detroit has now been geared to the job of winning the war—except Coughlin.

## Please Do Not Misunderstand

Many of the larger funerals in New Castle and vicinity are conducted by Boyd Funeral Service. It is only natural that people should want a finer service in such circumstances.

But please do not misunderstand. It is a matter of policy that we give equal attention to every funeral regardless of its cost, or how great the attendance. Families in modest circumstances will find that the surroundings and atmosphere of our Home for Funerals with the Hammond organ will add greatly to the impressiveness of even a lower price funeral.

Those who desire information about funeral service are invited to call.

## MRS. J. F. RENTZ CLASS GOLDEN WEDDING FOR BANQUET TUESDAY NIGHT THE GEORGE W. SHELARS'

Most delightful in every way was the mothers-daughters banquet held Tuesday evening in the dining room of Epworth Methodist church, when members of Mrs. J. F. Rentz's class assembled, this marking their first undertaking of this nature.

The tables, colorfully appointed in pastel tints, suggested the spring motif, and unique favors marked places for 50. A delicious full course dinner was served by Group Three of the Women's Society of Christian Service at the chosen hour.

Following an entertaining program was presented, with Eileen Gaston giving the "Toasts to Mothers." A vocal duet was given by Aurora Ambros and Mrs. William Ayers, with Miss Alice Jean Young, accompanist. "Toasts to Daughters" was contributed by Mrs. Wayne Stitzinger. A selected reading by June Stokes was followed by another vocal number sung by Georgine Stokes and Mrs. George Stokes and Mrs. George Lusk, with Miss Young, accompanist. Miss Lenore Ann Pyle played a piano solo as the concluding number.

The showing of technicolor pictures of "Flower Gardens" by Mr. and Mrs. W. E. Perver was an added feature, which rounded out a most enjoyable evening's entertainment.

Mrs. J. F. Rentz, their teacher, made appropriate remarks, and expressed appreciation to participants and to those in charge, who cooperated in making the event such a complete success.

Credit is due the following: General chairman, Beatrice Eileen Gaston; chairman of program, Mrs. Crawford Richards; chairman of menu, Mrs. Frank Clark; chairman of decorations, Miss Nancy Stitzinger and their respective committees.

It was decided to make the occasion an annual celebration by the class membership.

Present as special guests last evening were Mrs. William Thornton, wife of the church minister; Miss Mildred Lusk, who represented the Sunday school, and mothers.

### Royal Neighbors

The Royal Neighbors of America will hold a meeting Friday evening at the home of Mrs. George Roof of Garfield avenue.

## ALPHA GAMMA DELTA ELECTION ASSEMBLY

Alpha Gamma Delta alumnae members were pleasantly received in the home of Mrs. George Winter, on North Mercer street, Tuesday evening for their regular business and social event. Co-hostesses were Miss Leah Davis and Miss Sally Cleland.

President Mrs. Ralph Cooper was in charge of the business period, when election of officers took place, with the following results: president, Mrs. Joseph McFate; vice president, Mrs. Robert E. Hooze; secretary, Dorothy McClurg; editor, Mrs. Alfred Owens.

A social period ensued, with bridge as the pastime. Mrs. R. F. Gailbraith was winner of the top score award. Following play a delicious repast was served by the hostesses.

Next meeting for the group will be held on May 12, which is a change in the regular date, it being originally scheduled for the latter part of the month. Mrs. Herbert Smith, of New Wilmington, will be hostess, and this will also mark the concluding session until fall.

## FAMILY GATHERS FOR FIFTIETH ANNIVERSARY

On Tuesday evening the children, grandchildren, and great-grandchildren of Mr. and Mrs. Charles A. Moore, of the New Wilmington road, gathered at the home of Mr. and Mrs. Howard Moore, also of the New Wilmington road, for a family celebration of the Moores' fiftieth wedding anniversary.

Mr. and Mrs. Moore were married April 28, 1892, at the home of the bride's parents, Mr. and Mrs. William Rudolph Volant, by the late Rev. F. R. Peters.

The Moores' six children are W. R. Moore, of R. D. 1, New Wilmington, Lloyd, of Jackson, Fla. Harry and Howard, both of the New Wilmington road. Mrs. Edward Reynolds, of McClelland avenue, and Mrs. William Holzhauser, of R. D. 1, New Wilmington. They have 17 grandchildren, and five great-grandchildren.

On their golden wedding anniversary, Mr. and Mrs. Moore received congratulations and gifts from a number of their friends throughout the day. The family party Tuesday evening was informal, with time spent in chat. Later, a delicious lunch was served.

### 1919 Kensington

Mrs. Eliza Troutman proved a charming hostess Tuesday evening to the 1919 Kensington membership when she entertained informally at the home of Mrs. Charles McClelland on Croton avenue.

Games and conversation provided the pastime, with prizes going to Mrs. Grace McClelland and Mrs. Margaret Clark.

After a delicious lunch was served by the hostess, with Mrs. Mary Midey aiding, plans were made to meet again on May 12, with Mrs. Grace Whitlatch of Court street.

### Cathedral Chapter 440

Cathedral Chapter No. 440, Order of the Eastern Star, assembled in the east lodge room of the Cathedral on Tuesday evening for their regular chapter session. Mrs. Laura Walters, worthy matron, presided.

Business was considered and following routine affairs, a "white elephant" party was enjoyed. In closing, a tasty lunch was served in the west dining room by a committee headed by Mrs. Lillian White and Mrs. Della Sandford.

## COWMEADOW-WILLIAMS CEREMONY AT CHURCH

Miss Ida May Cowmeadow, daughter of Mr. and Mrs. George Cowmeadow of the Frew Mill road, was married to Neal Williams, son of Mr. and Mrs. Neal E. Williams, also of the Frew Mill road, in the presence of members of the families at a ceremony performed Tuesday at 5:30 p. m. in the Central Christian church, with Rev. Sidney K. Bliss officiating.

The bride wore a costume suit in crepe of two tones of blue. Her corsage was of roses and gardenias. Her attendant was her sister, Mrs. William Baker, who wore dusty rose crepe, and a corsage of roses. Howard Maxwell served the groom as best man.

With the house appropriately decorated for the occasion, a reception for 50 guests was held at the bride's home following the ceremony.

Mr. and Mrs. Williams are now on a wedding trip to New York City. They will make their home on the Frew Mill road.

The bride, a graduate of the Shenango high school, was until recently employed by the A. & P. company. The groom graduated from New Castle high school and is employed at the Penn Power company.

Out-of-town guests present for the wedding were: Mrs. Kate Humphries of Florida, Miss Ida Willis and Mrs. Dorothy Stewart of Mansfield, O. Mr. and Mrs. Benjamin Wilcox of Clinton, Mr. and Mrs. William Wilcox and children Dora Jean and Richard of Beaver Falls, and from Ellwood City, Dr. and Mrs. W. G. Evans and Mr. and Mrs. John Bollard.

## "AUXILIARY FIREMEN" TOPIC FOR AUXILIARY

Meeting of the ladies' auxiliary to the Neshannock township volunteer firemen was addressed by James Messner on "Auxiliary Firemen" Tuesday evening at the Walmo school.

The auxiliary is making plans for a mothers-daughters banquet May 14, at the schoolhouse.

Mrs. Robert Campbell and Mrs. John P. Campbell were welcomed Tuesday as new members of the organization.

Hostesses were Mrs. Mendal Blews, Mrs. Clinton Glenn and Mrs. Merv Brooks.

May 26 is the date set for the next business meeting, when Mrs. P. B. Criswell, Mrs. Edward Garner and Mrs. Richard Morgan will be hostesses; entertainment to be in charge of Mrs. Abe Clingsmith and Mrs. James Allen.

## MARGARET M. SMITH TO MARRY J. E. VANGORDER

Mr. and Mrs. Leland S. Smith, of Sheridan avenue, announce the engagement and approaching marriage of their daughter, Margaret Maurine, to James E. Vangorder, son of Mr. and Mrs. J. E. Vangorder of Ellwood City.

## WHEN A MOTHER'S OVER-WEARY

I get so many letters from mothers who scold themselves, from mothers who are trying to do too much. Here is a typical story.

"Dear Dr. Myers: I am very angry at myself for being so impatient. I have a girl four years old who plays while getting dressed and eating and I get so nervous I yell at her. This doesn't do a bit of good and I am ashamed afterwards. Otherwise she is a darling and takes care of her own room and picks up all her toys and clothes.

"Then I have a baby girl, five months, an angel, who never gives me a trouble but naturally requires lots of care.

"I do all my own work—laundry, ironing, baking, canning and make most of our clothes. In the summer I take care of my yard and garden. Since the war I've been sewing for the Red Cross.

"I have a five-room house and I'm always busy. If I want to finish, I work from 7 a. m. to 10 p. m. and my husband gets provoked because I'm never through. I guess he thinks I spend the day doing nothing and then work at night. What have you been doing all day?" or "Aren't you through yet?" He never helps with the dishes in the evening and very seldom helps with the children or furnace.

"What can I do to control this temper of mine? I really do want to be a good mother and wife but guess I'm not. I don't belong to clubs nor go any place. My own appearance suffers from trying to get all my other work done. What's the matter with me?"

## The Doctor's Answer

There is nothing the matter with you, dear young Mother. Just taking care of two young children alone is a job, not to mention a house. At some time when your husband is in a good mood tell him in an uncomplaining casual way of all the hundreds of small jobs you have in a day. Ask him in your nicest way if he would not like to take care of the furnace and help evenings. When he does so, express great appreciation.

As for the child's dawdling at dressing, try not to bother. If you must, give her a certain time. If she is not dressed then, let her sit doing nothing for 30 minutes. Say nothing about her eating. At the minutes remove her food and let her have nothing more till the next meal. Stick to this for a month, at least, before you expect much improvement.

Cuddle this older child often. Read now and then to her. Praise her for these very fine things she does, even before your friends and Dad. Please don't scold yourself again. If you should shout at the child now and then, don't be so ashamed of yourself. Just resolve to be better from now on as you find more rest and relaxation. May God bless you.

My special bulletin on eating problems may be had by writing me in care of this paper, enclosing a self-addressed envelope with a three-cent stamp on it.

**Solving Parent Problems**  
Q. Besides training in safety and regard for the rights of others what added reasons are there why a tot should learn early to respect the word "No"?

A. That he might be nagged less, have more enjoyment with his parents and playmates and grow up to be happy and likable. A spoiled child is not a happy child, nor has he many friends.

Q. What is the best way for a child to learn the number facts like 6 and 5 are eleven?

A. By having this fact before him with 5 under 6, a line under the 6 and 11 under the line; then by looking carefully at this whole fact before him, saying, "5 and 6 are 11" over and over again. Then he should use this fact a number of times in an interesting, practical verbal problem and also repeat the fact (Continued on Page Five)

**A COUPLE O' CHUCKLES**  
The comeback of liquor after the repeal of the Prohibition Act, brought with it a new type of drinking emporium that dignifies itself with the fancy name, usually in red neon lights of "Bar and Grill." But in spite of the dignity of the name, many of them, lacking grills for lack of demand, have reverted to the old-fashioned corner saloon where congregated each evening the men of the ward to discuss matters of common interest and on pay-day make themselves popular by buying for the crowd. Some men, however, were never known to treat. Pete was one of these lone drinkers. On this night, Peter came in noisily slamming the door. The hangers-on seated around the table, paid no attention to him as he strode to the bar—that is not until he turned and called out, "What'll it be, boys?" whereat all sprang up as Pete continued, "rain or snow?"

## SNAPPY COMEBACK

A local Lottario, seeking a date from a new girl, was talking to wit over the telephone.

"Whatcha doin' Sattidy night?"  
"Gotta date."  
"An next Sattidy night?"  
"Gotta date."  
"Howabout the next Sattidy night?"  
"Gotta date."  
"Well twiddle my mustache, woman, doncha ever take a bath?"

Campaign Orator—This is a democracy. Why, any child in this audience may grow up to be president.

The speaker was eloquent. He had a talent for choosing the happy phrase; he had wit; he was cultured and informed. Also he had an engaging manner and a well modulated voice. He commanded the attention of every member of his audience; his words had the ring of sincerity; his pronunciation was faultless.

He was, indeed, such an excellent speaker, and his message was so interesting that I am reluctant to tell you what made the evening drag. But I must; he talked an hour too long.

Frank—When you proposed to her, I suppose she said: "This is so sudden!"  
Jack—No, she was honest and said: "The suspense has been terrible."

This is no idle prediction: Twenty-one years from now, thousands of youths named "Douglas MacArthur" will attain their majority, just like a lot now about 44 years of age answer to the name of "George Dewey" and "Richmond Pearson."

See Attempt By Axis To Discuss Peace  
Democracies Could Split Axis' Offers  
Believe Italy Would Agree To Overture

By CHARLES P. STEWART

Central Press Columnist

WASHINGTON, April 29.—Predicting an Axis "peace offensive" in the course of the summer and warning the country not to be defeated by it, Facts and Figures Archibald MacLeish meant, of course, an Axis attempt to make peace with us on the Axis' own terms.

Archibald's forecast is accepted in Washington as no improbability, so far as the attempt is concerned. That Herr Hitler should be anxious to detach Uncle Sam from John Bull is spoken of as perfectly natural on Adolf's part. It isn't deemed a bit likely that he will bother much with overtures to London, because the British will be so obviously licked that they can't stand it, if they agree to any conditions at all. It is surmised, however, that he may think he can placate the United States by some sort of a phony but plausibly-expressed offer and that he will be apt to extend it as politely as he knows how. Perhaps it will involve his dumping of Japan, or nobody imagines that he would hesitate at that, in an effort to get us Yankees off his hands.

It is not questioned that it will be a fake proposition. As to the long run, to be sure, "That's why Facts and Figures MacLeish implores us not to fall for it, which there appears to be small risk that we will do.

I do hear suggestions, though, that WE might launch a "peace offensive," calculated to throw a mean crimp into the Fuehrer.

For example, how about Italy?

Italy Washed Up?

All indications are that the Italians are about through. Supposing we undertook to help saving the rest of their lives, provided they would quit howling. It is guessed that they would be more or less acquiescent, even to the extent of terminating Signor Mussolini. They would be no great military asset, but their secession would be a heck of morale blackeye to the Axis lineup.

And what about the Finns?

They probably could be detached from the Axis. The United States and Finland have been darned good friends. It is we country, but the well-known morale item figures here.

Japan can't be offered peace. It is true, until that nation is definitely beaten. Yet that can happen, if the Japs islands are sufficiently bombed from overhead. In that respect we have been derelict, but it has started now, according to the Axis' own propaganda. It is in the cards that a "peace offensive" would "take" with them as the summer progresses.

Russia is no worry for the present.

Neither is the German-conquered part of Europe. That requires no "peace offensive." It's ready to be as peaceful as blazes (versus the Axis) at its first opportunity.

And so is France, apparently—minus Pierre Laval—virtually alone. It does not look as if Pierre could hold out long against a "peace offensive," if he is honestly posted.

## Isolating Adolf

With France, Italy, occupied Europe and Japan subtracted from his aggregation, it is reckoned that Adolf would be left pretty well out on a limb. Spain, united El Caudillo Francisco Franco in name, but it is a foregone conclusion that Senor Franco will disintegrate as the others do.

So why isn't a democratic "peace offensive" a desirability as the summer wages along?

Whether or not peace is a desirability depends on who wins it.

Japan, of course, has got to be LICKED, as well as Germany, out that can be done, with the Japs alone to take care of.

Left to themselves, they would be on a worse limb than Germany, for they would have no peace conference all to themselves, and it is easy guessing what Tokyo would decide on.

Essentially, as Navy Secretary Frank Knox put it, the war is between the Germans and the democracies. And wherever it is ordered all the girls will fall for him.

There is a "peace offensive" that is more complicated, though.

And yet the thing can disintegrate pretty fast as negotiations follow.

It depends on which side takes the peace negotiations "offensive."

Facts and Figures MacLeish is pro-offensive.

## FAPPIGRAMS

By ERICH BRANDIS

Going through his pants pockets a Chicago wife found a letter written to her fifty-year-old husband by another woman.

This is what the letter said: "Oh, my kitten, what a meaning has love. I have hopes that we will some day enjoy the sweetness of love to the fullest."

So the "Kitten" wife sued for divorce, alleging misconduct.

In court the husband's attorney maintained that the wife had no right to go through his pockets and that she had come into the possession of the letter unlawfully.

"Unlawful, is it?" said the judge and asked the attorney whether he was a bachelor. The lawyer admitted that he was.

"Then you better get married and find out a few things," advised the judge. "A wife has an inalienable right to explore her husband's pants pockets. Divorce granted."

A wise lawyer should know that there are many things that are not found in any law books. And a wise husband should know—oh, never mind.

## The World and the Mud Puddles

## THE "SECRET" WEAPON

Hitler actually did have a real and deadly "secret weapon" when he launched his career of crime against the world.

Only it wasn't an explosive or super-gun or new poison gas. It was an uncannily accurate means of making long-range weather forecasts that would hold up through a campaign in which weather might be decisive.

That forecasting system, according to Charles P. Searles, staff expert of the United States Weather Bureau, explains the "luck" of Hitler's major moves—the clear, dry ideal weather conditions attending weather for the mechanized push into Poland, the Low Countries and France; low visibility when the Nazis drove into Norway, and the heavy fog through which Nazi warships recently escaped from a French port.

Taking the cue from the German's United States technicians are developing a long-distance forecasting method that will match and probably excel the German system, Searles told the American Geophysical Union last week.

In no other way has military success depended so much on accurate forecasts of rain, wind, clouds and fog for weeks ahead. Along with mechanized blitzkrieg and air power, weather is a modern weapon.

Flash—Hitler asks Reichstag for full dictator powers!

Flash—Reichstag votes yes!

Flash—So what?

Adolf is the kind of guy who would steal a tire and come back later for a bill of sale.

He told the boys "next year!" This is what the last man out of the Dodger's ball park says at the close of each season.

It is strictly for morale and strictly from hunger.

He said there will be no vacations this year. Nazis couldn't play it two weeks in England will have to change their plans.

He said that the people of Germany are behind him. The member from Little Slutz murmured "away behind!"

He asked power to deal with any official not doing his duty. Notice of funeral hereafter.

## YANK

There's a twinkle in his eye and a jest upon his lip.

No matter where you find him, land or sky or battleship.

He carries laughter with him, for it lightsens dullest grim.

And wherever he is ordered all the girls will fall for him.

He was born of gracious people; was an Epworth Leaguer, too. Or a C. Y. O. most likely, or a Baptist Y. P. U.

From the city, from the country? 'Twill be difficult to tell.

Give a task to Yankee youngsters and they'll mostly do it well.

Put the uniform upon 'em and they'll swing along the street. As like in song and laughter as the shoes upon their feet.

But the Yankee soldier's different in a dozen ways or more.

From the soldier bred for Hitler or the pagan warrior.

He is liberal with his money and he's generous with his smokes. And no matter where he hails from, he is fond of drinking "cokes."

He's a "hot dog-hamburger" eater. He delights in shooting craps. But he'll prove a holy terror when they send him after Japs.

He's a gentleman of duty, but just let the fight begin.

And they'll learn the Yankee soldier has his mind made up to win.

## Bible Thought For Today

Persistence in prayer was well illustrated by Jacob. Casual petitions have small value, we must really wrestle in prayer 'till we get the answer. Sometimes we will learn that our prayer is not good nor proper, but we can find out only by frequent petition. I will not let thee go, except thou bless me.—Genesis 32:26

Ushering were Mrs. Walter Shaw and Miss Olive Webb.

Last evening's program was especially well given and gave inspiration to the throng of guests in attendance.

Business was transacted and officers elected, the result to be announced at a later date.

# DINNER GATHERING FOR E. N. C. MEMBERS

Tuesday evening at 6 o'clock in the home of Mrs. Lee Whitacre of East New Castle, members of the E. N. C. club assembled, when they were entertained at a lovely dinner party.

Yellow and white appointments were used effectively throughout in the table setting, and a delicious full course menu was enjoyed. Miss Sara Cummings of Youngstown, O., a special guest, aided the hostess.

Business was conducted by Mrs. Clyde Turner, president, and games were featured afterwards, under the direction of Mrs. Ed. Dean. Prizes were given to Mrs. L. J. Lytle, Mrs. Jack Kelajainen and Mrs. Clyde Turner.

A social time brought the evening to a close.

The next meeting on May 12 will be with Mrs. Florence Wilkinson of East New Castle.

# EVANS-LESNICK WEDDING TUESDAY

On Tuesday afternoon at 4 o'clock in the Central Christian church, Miss Genevieve Ruth Evans, daughter of Mr. and Mrs. B. P. Evans of 620 Lutz street, was married to Louis E. Lesnick, son of Mr. Bertha Lesnick of Pollock avenue.

Rev. Sidney K. Bliss officiated in the presence of the immediate families.

The bride wore a beige jacket suit, complemented with copper and white accessories. Her corsage was gardenias.

Miss Mary Duzyk, the bride's attendant, also wore beige. She wore a corsage of yellow roses. Walter Duzyk acted as best man for the groom.

A reception was held at the bride's home following the ceremony, when buffet refreshments were served. A feature was the bride's cake.

The bride, a graduate of the high school class of '37, is employed at the Shenango Pottery. The groom is employed by the Pennsylvania Railroad company.

The couple are now on a short wedding trip. They plan to make their home with the bride's parents for the present.

Q Is place geography, or learning the names and location of important places and cities, important?

A Yes; in order to read a map and to read a newspaper and listen to the radio intelligently. Place geography is coming back. With so many free and inexpensive maps available, both the home and school are good places for the child to keep learning more of such geography every day.

## Questionnaires Will Be Sent To Thirteen Million

(International News Service)  
WASHINGTON, April 29.—Draft headquarters prepared to mail detailed questionnaires to some 13,000,000 men between the ages of 45 and 65 who registered in the nation's fourth draft.  
Slated for possible non-combatant duty or war production work, the men in the 45-65 age group who finished registering Monday will now be asked for a complete report on their occupational abilities.  
No lottery will be held, as it is not planned to call any of the middle age and elderly men into active service. The registration was ordered to give the government a complete picture of manpower available for this country's war production effort.  
Heading the list of those registering was President Roosevelt, who gave as his employer "the people of the United States." Many other high officials also registered, including scores of members from both the House and Senate, supreme court justices, and cabinet officers.  
James D. Hayes, chairman of the District of Columbia draft board No. 9, which went to the White House to register the President, said that Mr. Roosevelt, as commander-in-chief, probably will be classified as 1-C, a person already in military service.  
Approximately 40,000,000 men between the ages of 21 and 65 have now registered under the draft law. Men 18 to 20 will be the next ones subject to registration. Like the 45-65 group, they are not liable for military service under the law, but they are being urged to enlist.

Maj. Gen. Charles Bonesteel (above) of the U. S. Army has assumed command of all American and British forces in Iceland, succeeding Maj. Gen. Henry Curtis of the British army. Bonesteel, the ranking military officer in this northern battle zone, was given command because the majority of troops at the Iceland garrison are American.

## India Plant Has Grown To Huge Size In California

(International News Service)  
ROSEMARE, Cal.—Natives hereabouts naturally assume all things Californian come "bigger and better," but horticulturalists today popped their optics at a floral curiosity.  
A six-foot-tall sacred lily of India was in colorful, majestic bloom at the home of Mrs. E. W. Mason.  
Nourished by neither water nor soil, the long green stem rises from a bulb, which in the present stage of the plant's annual growth cycle, rests on above-ground rocks.  
The dark red "tongue" of the plant is two feet high, and the surrounding lily is of various shades of purple. The plant exudes what Mrs. Mason calls a "copperized" color.  
A friends brought the plant from India 19 years ago, but only in the last five years has it bloomed.

## Payments For Dependents Are Outlined In Bill

(International News Service)  
WASHINGTON, April 29.—The war department and the selective service today gave approval to a bill under which monthly payments would be made to dependents of enlisted men in the military services.  
Maj. William S. Richards of the army's general staff, and Maj. Francis V. Keesling, of the selective service, told the senate military affairs committee that the plan, as outlined in the bill, will be of great value in maintaining morale.  
Generally, the following payments would be made, in addition to voluntary contribution from the enlisted man's pay:  
(1) If there is a wife but no child, \$20.  
(2) If there is a wife and one child, \$30, with \$1 a month for each additional child.  
(3) If there is no wife but one child, \$15.  
(4) If there is no wife but two children, \$25, with \$10 a month additional for each other child, and  
(5) If there is a former wife divorced to whom alimony has been decreed, \$20.  
The scale also provides for payment of \$15 if there is one parent, \$25 if there are two parents, and \$5 for each grandchild, brother, sister and additional parent.  
The bill also provides for deductions of \$20 a month from the pay of an enlisted man where only a wife or child or both are dependent, with an additional \$5 a month to be deducted where dependents also include brothers, sisters, grandchildren, or more than two persons classified as parents.

## MILLBURN

**GRANGE ARBOR DAY**  
Arbor Day was celebrated by Millburn Grange by the planting of a maple tree on the grange lot. Gerry Masters read the poem "What do we plant when we plant the tree?" by Henry Abbey as the tree was planted. During the lecture hour the following program was given:  
Roll call—"My favorite tree."  
Origin of Arbor Day, Memorial Trees—Jared Winger.  
Poem, "Plant a Tree"—L. M. Coleman.  
Discussion of the eradication of the wild barberry bushes.  
Tree quiz.  
The program was interspersed with music by the grange.  
A Mother's Day program is being planned for the meeting on May 8.

### COUNTY BOARDS COMPLETE COUNTY

Although the city registration of men between the ages of 45 and 65, which took place on Monday, showed a gain over the first registration in October, 1940, figures from the county showed a shrinkage of 410, the final total for the county being 404 under the first registration. There were 11,058 in all, who registered, the secretaries of the four boards reported.

Local Board One for the county, whose offices are in the Ellwood City post office, registered 2,687, while Local Board Two from the county, with headquarters in the L. S. & T. building here, registered 2,536. The two city boards registered 5,833 men.

It is evident from these figures that some of the county men registered in the city, and when the cards are sorted and sent to their proper boards, the figures will likely show some change.

The first registration in 1940 was conducted by the county commissioners and the men were compelled to go to the voting district in the community where they resided. This was not the case Monday, the men being privileged to go to the place most convenient for them.

Men who registered Monday will receive questionnaires sometime in the future, which will seek occupational information.

### TWO SMALL FIRES TUESDAY EVENING

City firemen were called out twice Tuesday evening for small fires.

At 6:55 o'clock No. 2 company was called to Rural avenue where a grass fire was in progress. Police took a boy into custody, who is suspected of having started the blaze.

At 9:15 o'clock firemen were called to the home of Mrs. Marie Chirad of 1008 Croton avenue, where an electric wire, lying over a chair, caused a short circuit, setting fire to the chair. Damage of around \$5 was caused.

### JAPANESE ALIENS Are Under Arrest Along East Coast

(International News Service)

NEWARK, N. J., April 29.—In a series of sweeping raids federal bureau of investigation agents today concluded examination of every known Japanese alien residing in New Jersey. An undisclosed number of the aliens were arrested and taken to Ellis Island to await federal prosecution.

The federal agents, assisted by local police, visited 48 homes throughout the state and interviewed 100 Jap aliens. Only 134 known Jap aliens reside in the state and the others had been investigated earlier.

A large amount of contraband including guns, cameras, short wave radio sets and Axis propaganda was seized. In one home 750 rounds of ammunition and rifles were taken. The raids were under the supervision of E. E. Conroy, special agent in charge of the FBI office here.

## Subsidies For Some Business May Be Needed

By WILLIAM S. NEAL  
International News Service Staff  
Correspondent

WASHINGTON, April 29.—Congressional sources reported today that the United States government may be forced to subsidize some businesses in order to avoid disaster under the general price-freezing and widespread rationing program.

Such a move, they reported, would be in line with action taken in other countries where rigid wartime economy regulations have produced hardship cases, with governments stepping in with financial aid.

The predictions came chiefly from critics of President Roosevelt's "equality of privilege" program, on the ground that by opposing fixing of wages the president leaves many business corporations facing an uncertain future.

While Mr. Roosevelt recommended that wages be stabilized, it was pointed out by some members of congress that labor unions whose wage contracts are expiring can demand an increase in wages on the ground that cost of living increased sharply during the past year. Prices generally are being fixed on a March basis.

Congress, it appeared, is unlikely to enact any legislation based upon the president's program except for stiffening of taxes.

Advocates of suspension of the 40-hour week and other labor legislation had virtually abandoned hope of action.

## NAZI NAVAL PORT OF KIEL BLASTED BY R. A. F. RAIDS

(Continued From Page One)

The "north German coastal region" had been attacked during the night. The Nazis said some damage and casualties were caused and claimed four British planes were shot down.

York, in northern England, was subjected simultaneously to a retaliatory raid by the Luftwaffe.

Approximately 20 German planes attacked to English city. Five of them were destroyed.

### York Cathedral Escapes

York, like Norwich which was attacked yesterday, is a city famed for its churches. It is 188 miles northwest of London.

York's famed minster—the Cathedral of St. Peter, which is in the form of a Latin cross—was not damaged.

Damage elsewhere in the city was considerable, however, but the loss of life was slight.

Aided by strong moonlight, the raiders dived to a low altitude and machine-gunned the streets. Observers reported that the Germans apparently deliberately refrained from seeking out military objectives.

In addition to the five Luftwaffe craft destroyed it was believed several others were damaged, since the

### Second Trondheim Raid

The British raid on Trondheim was the second in as many days. The objective of the R. A. F. appears to be to render the Nazi base on the coast of Norway useless and eliminate the threat from there against United Nations supply routes to Russia.

Kiel is the chief naval port of Germany proper, situated on Kiel Bay, adjacent to the Baltic, southwest of the Jutland peninsula.

The previous attack on Trondheim, where the large battleship Tirpitz reportedly is berthed, was concentrated on docks and the Nazi "U" boats. Stockholm reports said many Germans and Norwegians were killed or wounded in the raid.

### Three-Hour Attack

A German correspondent was quoted in dispatches from Stockholm as saying the R. A. F. pummeled Trondheim for three hours, sending over wave after wave of planes. It was the largest attack ever made on the German base, he said. He contended that one-fourth of the British craft were shot down.

Swedish correspondents in Berlin meanwhile reported, according to the Exchange Telegraph agency, that the damage done to Rostock, industrial Baltic city, by the R. A. F.'s four consecutive raids necessitated the evacuation of the town. Neutral correspondents have not been permitted to visit Rostock since the terrific British bombings.

## News Briefs From City Hall

Every parking meter coin deposit box in the city has been equipped with a new lock it was stated today by police headquarters which minimizes possibility of theft. There are almost 400 parking meters. A year or more ago a key to the coin boxes was lost and at infrequent periods coin boxes were found to have been stolen. A severe penalty is provided in a city ordinance for persons convicted of tampering with meters.

Dogs, dogs and more dogs. Every hour complaint is made of canines running through gardens and flower beds. The dog catcher today was given a list of complaints and persons who do not tie their dogs can expect to find them at the city pound and if not claimed with a brief period they will be destroyed.

Someone with an odd sense of being funny stuffed paper into three parking meter coin slots last night.

Rufus Brown, 29, colored, Division street, was reported missing last night, according to a report made to police headquarters.

Thursday will be the forty-eighth birthday of Fire Chief J. E. Thomas.

Streets Director James Gibson today explained that some thoroughfares have not been repaved because of the extra work of moving the street department equipment from the Nail mill to Mahoning avenue district.

### GREAT SACRIFICES ARE TO BE FACED SAYS PRESIDENT

(Continued from Page One)

be imposed and emphasized that wages of all workers must be frozen at present levels.

He bluntly stated that he would "use all of the executive power that I have" to carry out his "national economic policy" recently presented to congress as he told the American worker that "you will have to forgo higher wages for your particular job for the duration of the war."

**U. S. Forces Active Everywhere**

The president revealed for the first time that American warships are now in "combat" in the Mediterranean in addition to task forces in all the other waters of the world. American-manned flying fortresses will soon carry the war to Germany "fighting for the liberation of the darkened continent of Europe," he warned the Axis.

Opening with a review of the war situation Mr. Roosevelt said that American forces have already checked the Japanese that a counter-offensive soon will be launched in the Pacific area and that the United Nations will take the necessary measures to "prevent use of French territory in any part of the world for military purposes by the Axis powers."

The president reiterated his seven-point program submitted to congress which he termed "the national economic policy for attaining the great objective of keeping the cost of living down," including control of prices and rents.

"Some people are already taking the position that every one of the seven points is correct except the one point which steps on their individual toes," he said. "The blunt fact is that every single person in the United States is going to be affected by this program."

**Price Must Be Paid**

"The price for civilization must be paid in hard work and sorrow and blood. The price is not too high."

"This great war effort must be carried through to its victorious conclusion by the indomitable will and determination of the people."

He said that the war effort must not be impeded "by the faint of heart," or those who put their "own selfish interests above the interests of the nation," or by the "bogus patriots who use the sacred freedom of the press to echo the sentiments of the propagandists in Tokyo and Berlin."

Pointing out that the war has a "home front" Mr. Roosevelt stated: "Here at home everyone will have the privilege of making whatever self denial is necessary, not only to supply our fighting men but to keep the economic structure of our country fortified and secure during the war and after the war."

**Only Effective Action**

The president said that the only effective action to check the cost of living is a simultaneous attack "in one comprehensive, all-embracing program covering prices, profits, wages, taxes and debts."

"As I told the congress yesterday, 'sacrifice' is not the proper word with which to describe this program of self denial," he continued. "When at the end of this great struggle we shall have saved our free way of life, we shall have made no sacrifice."

The president sounded a note of reassurance when he said that "our own American civilian population is now relatively safe from enemy bombings which laid London and Coventry in ruins."

"To an ever increasing extent," he added, "our soldiers, sailors and marines are fighting with great bravery and great skill on far distant fronts to make sure that we remain safe."

**Tribute To Russia**

The president was strong in his tribute to Russia's fighting forces, stating that "these Russian forces have destroyed and are destroying more armed power of our enemies—troops, planes, tanks and guns—than all the other United Nations put together."

He also lauded the battling Chinese and said "that no matter what advances the Japanese may make, ways will be found to deliver airplanes and munitions of war to the armies of Generalissimo Chiang Kai-Shek."

Mr. Roosevelt said that there "is good reason to believe" that the advance of the Japanese into the southern Pacific has been "checked" and we are determined that the territory which has been lost will be regained."

Continuing he stated: "For every advance that the Japanese have made since they started their frenzied career of conquest, they have had to pay a very heavy toll in warships, transports, in planes and in men. They are feeling the effect of these losses."

"It is even reported from Japan that somebody has dropped bombs on Tokyo and on other principal centers of Japanese war industries. If this be true, it is the first time in history that Japan has suffered such indignities."

## Tells Why Japanese Are Losing Air Control In South Pacific Area

By RALPH JORDAN  
International News Service  
Staff Correspondent

AN ADVANCED UNITED NATIONS BASE. Somewhere in the South Pacific, April 29.—This base, at present, is the hottest spot in the southwest Pacific combat zone, and an absorbing drama, played here only few minutes ago, demonstrated why the Japanese are losing control of the air throughout this area.

The story of that drama is one which demonstrates the value of teamwork and aggressive spirit—those qualities which have typified United Nations fighting men since the advent of General Douglas MacArthur, with his determination to strike the enemy wherever he shows.

And the conclusion to be drawn from this little epic scene, which is just a part of the whole, similar picture, is that the Japanese are being paid back in kind so successfully that the tide definitely has turned in favor of the Allies along this long southwest Pacific front.

### Sill Air War

It is still an air war down this way, to be sure, but control of the skies is the first essential to a general advance, and therefore vitally important.

The characters in this bit of drama are an Australian fighter pilot in an American plane, an American machine gunner on a little American freighter, and a Japanese pilot in a Zero fighter. Two of them I know—the Aussie pilot, a blond from Brisbane, and the stocky little machine gunner from Omaha, Neb.

I arrived at this feverish tropical island port on a freighter and watched that stocky machine gunner for several afternoons, polishing up the mechanism of his gun like a

watchmaker with a fine timepiece, and obviously aching for a chance to use it.

When the chance came, he was Dead Eye Dick himself, and that is why the Aussie pilot is alive to fly another day and the "Nip" pilot dead and laid to rest on a grassy hillside.

### Air Raid Siren Sounds

The air raid siren wailed a mournful tune, which was wafted through an open window and most of the walls for that matter because previous bomb blasts had blown them out in this dwelling where we were temporarily housed.

It was just like having a gallery seat at a play.

Into the little mountain-enclosed harbor lying immediately directly opposite me came the Aussie in a Kittyhawk, an American P-40 fighter plane as known here.

He was in a big hurry and the reason was quickly apparent, for right behind him over the same hill, flashed a Japanese Zero. The "Nip" was on the Kittyhawk's tail and his guns were barking, with tracers flying around the "Kitty" like illuminated hornets.

The Aussie was twisting and turning the "Kitty" at terrific speed just above the water, but he was unable to shake off the "Nip", who got in a burst which seemed to knock the American ship sideways but not out.

Both planes were roaring toward me and it seemed for an instant that they were going to fly right through my temporary house. But the "Kitty" banked suddenly and dived at the freighter in the harbor.

The "Nip" closed in fast for the kill.

### End of Jap

Then the stocky little machine gunner from Omaha, after letting the "Kitty" go past his perch on the freighter, whammed a burst right into the Zero, which zoomed up, curved back and headed for home. It was too late. The Jap plane staggered across the bay and crashed into a hill.

The "Kitty", unfortunately, was too badly hit to pull out of the glide and dropped into the water, but the pilot climbed out uninjured and swam ashore.

The incident was somewhat similar to another a few hours previous which disclosed the Australians' theory that the Japs can't take ack-ack fire. A lone Kittyhawk went after five or six Zeros high in the sky, then bore down in a terrific dive with two Zeros on its tail.

The Aussie pilot seemed deliberately to dive into the ack-ack fire, which was bursting all over the area of the sky into which he flew. The Japs turned off and I later ascertained that the Aussie deliberately went for the ack-ack fire of his own batteries in the belief—which proved correct—that the "Nips" wouldn't follow him through it.

It's a nice trick, if you've got what it takes, and these Aussie pilots have, for they shake off "Nips" this way quite often.

## John D. Rung Taken By Death

John D. Rung, aged 60 years, of Alberta, Ala., formerly of Lakewood, died Tuesday morning, in a hospital in Mobile, Ala., following a heart attack which he suffered late Monday night.

Mr. Rung was born on March 16, in Europe, and came to America about 28 years ago. He was in the real estate business in Cleveland, O., for approximately 10 years, and then moved to Sharon, where he resided for 15 years. In 1925 he moved to Lakewood, where he lived for 14 years, moving to Alberta, Ala., three years ago.

The deceased was preceded in death three years ago by his wife, Mrs. Hermenia Rung. Mr. Rung is well known in this community.

Surviving are the following children: Mrs. Robert Pollard, of this city; Mrs. Henry Shumaker, of Sharon; George, of Franklin, Pa.; Frank, Joseph, John, Jr., and William, all of Lakewood. William was visiting with his father in Alberta, at the time of his death. The deceased also leaves 10 grandchildren.

The body is being sent to the McGraw Funeral home, Sharon, where burial will take place. The time of funeral and arrangements have not yet been completed. Further announcements will be made later.

# Believe U. S. Action Has Forced Japan To Take Defensive

## Daring Raids Change Tactics

Japan Must Now Guard Against Offensive Moves  
By U. S. Forces

### WIDENING FRONT BRINGS CHANGES

By JOSEPH A. BORS  
International News Service  
Staff Correspondent

WASHINGTON, April 29.—Citing recent daring raids by American army and navy units in the Pacific, military and naval experts today expressed the conviction that the United States has forced Japan on the defensive at many points under the threat of further surprise attacks.

These sources assert that initial advantages won by the Japanese in their unexpected attacks on Pearl Harbor, Manila, Hong Kong and Singapore are being offset rapidly by counter attacks on scattered Japanese strongholds from the southwest Pacific to Tokyo itself.

Japs Forced To Switch  
As a result of these destructive "samples" of America's expected offensive against the Japanese, war analysts say that the Japanese have been forced to switch many of their invasion forces to defensive tasks on an ever widening front.

Best example of an apparent change in Japanese strategy from the offensive to the defensive was the recent withdrawal of a powerful Japanese invasion armada from the Bay of Bengal despite lack of opposition following the reported raids on Japan's principal cities of Tokyo, Yokohama, Nagoya and Kobe.

Also, the Japanese suddenly decided to extend their domination in the Philippines to the important islands of Panay and Cebu following the surprise air raids on enemy held bases in the commonwealth by American bombers based in Australia.

## Motion Picture Stars Approve \$25,000 Salary Plans Of President

(International News Service)

HOLLYWOOD, April 29.—Agreeing that no sacrifice is too great, the motion picture colony, some of whose members receive annual salaries many times that of the president of the United States, today unanimously approved President Roosevelt's proposal to restrict wartime salaries to \$25,000 a year.

Although figures on recent Hollywood salaries have not been revealed, a studio survey disclosed that the average top flight star earns at least \$300,000 a year.

In recent years Claudette Colbert was listed as the highest paid star in the business with a salary of \$426,000, reported for one year.

Bing Crosby, who combines horse racing, radio work and numerous

business interests with his film career, earned \$410,000 during one year. Irene Dunne was another in the top salary bracket with \$405,000 paid for one year.

Commanding salaries of \$300,000 are Bette Davis, Joan Crawford, Cary Grant, Wallace Beery, Charles Boyer, Errol Flynn, Clark Gable, Nelson Eddy and James Cagney.

The majority of the other big names in the film industry are in the \$200,000-per-year bracket.

The stars had little to say about future plans if the president's proposal is enacted into a law by congress. However, they generally believed that the \$25,000 yearly salary after taxes have been deducted would be sufficient to carry them through the war years.

And last but not least, the crew of the mighty "Empire" ship departed. "Thanks, fellows!"

"Well, I'll cease firing and secure for now. A fellow who never forgets his friends."

"James Thompson. SEA2C."

"Just like that kid," said a pharmacist's mate. "Guess he's got more guts than any guy I've ever seen."

The ship doctor agreed, and related how Thompson seemed "doomed to die but showed death with a will to live."

The chaplain said, "This recovery was almost miraculous."

The first torpedo that struck the Reuben James blew Thompson into the sea.

The 18-year-old St. Francis Wis. lad is one of the few survivors of the U. S. S. Reuben James, first American naval ship lost in World War II.

When the destroyer was torpedoed last fall, Thompson faced death for the first time, but subsequently his life was a series of amazing encounters with the Grim Reaper.

As evidence of their respect, the personnel of this man-o-war that finally brought Thompson back to American shores sent him a radio to help while away the hospital hours.

Officers have been informed that Thompson is recovering, and the last chapter in his battle for life was a letter which was posted with the ship's daily routine orders. He wrote:

"Dear Chaplain—

"It is with my deepest regrets that I cannot thank you personally for the swell radio which I received today. It was fine."

"And I would also like to thank R. E. McGinnis and R. E. Hughes and another pharmacist's mate. I forgot his name, so well just call him the Navy nickname, Mac. I think he knows who I mean."

"I want also to thank the doctors that treated me so well."

## Reuben James Survivor Has Some Close Calls

By JOHN R. HENRY

WITH THE ATLANTIC FLEET, April 29.—Young James Thompson, recuperating today in a naval hospital at Newport, R. I., probably doesn't know that officers and men aboard this mighty warship regard him as one of the luckiest fellows who ever sailed the sea.

The 18-year-old St. Francis Wis. lad is one of the few survivors of the U. S. S. Reuben James, first American naval ship lost in World War II.

When the destroyer was torpedoed last fall, Thompson faced death for the first time, but subsequently his life was a series of amazing encounters with the Grim Reaper.

As evidence of their respect, the personnel of this man-o-war that finally brought Thompson back to American shores sent him a radio to help while away the hospital hours.

Officers have been informed that Thompson is recovering, and the last chapter in his battle for life was a letter which was posted with the ship's daily routine orders. He wrote:

"Dear Chaplain—

"It is with my deepest regrets that I cannot thank you personally for the swell radio which I received today. It was fine."

"And I would also like to thank R. E. McGinnis and R. E. Hughes and another pharmacist's mate. I forgot his name, so well just call him the Navy nickname, Mac. I think he knows who I mean."

"I want also to thank the doctors that treated me so well."

"He became ill later, though, and physicians found that he had sustained severe internal injuries as a result of the concussion caused by the depth charge explosion."

He was forced to undergo an operation.

Just as recovery was in sight for him, he was stricken with appendicitis. Pneumonia developed and was followed by complications. The boy again was a surgery case.

He was taken to an undisclosed foreign port by the rescue vessel, but doctors decided to remove him to the United States, where better medical facilities were available.

Thompson was placed aboard a small ship for the trip home, but en route the vessel was ordered to another locale. The patient was removed by stretcher to another ship, despite heavy seas and a biting North Atlantic wind.

In all, he was transferred from one ship to another four times before he eventually was placed upon this man-o-war and brought home.

The lad lost nearly 100 pounds during his illness.

Representing Rotary International to the fifth annual conference of the 175th district, to be held in Butler, May 7 and 8, will be Arthur S. Fitzgerald of Windsor, Canada, third vice president of the world organization. Mr. Fitzgerald is head of one of the largest accounting firms in Canada. His principal address will be given in the forenoon of Thursday, the 7th, and he will also bring greetings to the conference at the governor's banquet Thursday evening.

The special delegates to the convention from each club will be the officers and directors recently elected but every one of the 1352 members of the 33 clubs in the district are urged to bring their ladies, known in Rotary parlance as Rotary-Anns. Preparations are being made for at least 700 guests.

Rotary undertakes to inspire men to realize fully their individual capacity for patriotic citizenship in their states and nations, to deal justly with their customers or clients, their employees and others with whom they have business or professional relations, to have concern for the welfare of their neighbors, and through their association in Rotary clubs and to bring about international understanding, good will and peace.

Rotary is not merely a state of mind. He who serves must also act. Rotarians through all their daily business, social and civic contacts, are endeavoring to reconcile the conflict between the desire for profit for oneself and the obligation to serve others. They think of service before self because that is the right thing to do. They believe also that "He profits most who serves best."

Rotary is not a religious organization. Rotary does not seek to supplant or interfere with any religious organization. It assumes that its concepts are in accord with all religions and every Rotarian is expected to be faithful to his religion and loyal in his citizenship.

There are over 210,000 Rotarians in 60 countries of the globe. In spite of losses of membership in countries controlled by the Axis powers, where Rotary is banned, the organization is growing. The largest growth this year has been in South and Central America.

CHILD SETS FIRE TO VISOR ON CAP

Alexander Montswil, aged 5 years, little son of Mr. and Mrs. Anthony Montswil, of 11 Fern street, was seriously burned about the head and right hand late Tuesday morning when he set fire to a celluloid sun visor while playing with matches.

He was taken to the Jameson Memorial hospital, where he is undergoing treatment for his injuries.

Denies Slaying Sister's Infant

Pittsburgh Woman Says She Confessed "To Get Them Away From Me"

(International News Service)

PITTSBURGH, April 29.—Wilma Lettrich, 26-year-old Tarentum farmgirl, fought for her life today with a flat denial and repudiation of an alleged confession in which, county detectives said, she had admitted the slaying of her unwed sister's baby and the cremation of its body in the family furnace.

On the stand in her own defense, Miss Lettrich told the jury that she had been taken from her home when she was ill, and that county detectives had put her through such a grueling examination, she told them the story "just to get them away from me and have some peace."

She claimed she had turned the baby over to its father.

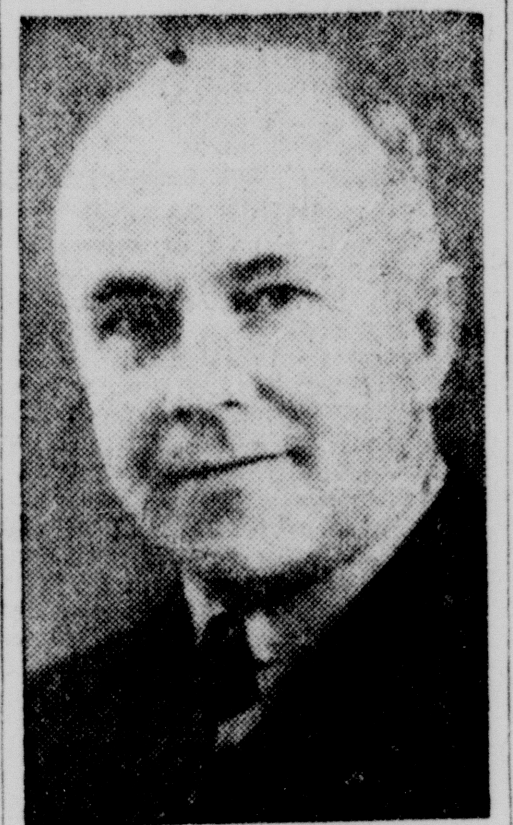

In anger and in tears, she screamed denials at Assistant District Attorney Earl G. Jackson during cross-examination, and shouted that she had been threatened when "someone put a shot in our mailbox."

Demote Veteran Chief Of Police

SHARON, Pa., April 29.—Police Chief Charles B. Steger was reduced to a patrolman's status by Sharon council, yesterday and Captain William E. Stuart was elected to succeed Steger. Sergeant Roy Mosley was promoted to a captainship. Captain Bert Rankin was re-named senior captain and Captain Paul R. Shaffer was re-elected. The action was a surprise although Steger was asked by Mayor Myron W. Jones in January to submit his resignation. Steger has been on the force since 1914 and chief since 1922.

Alexander Montswil, aged 5 years, little son of Mr. and Mrs. Anthony Montswil, of 11 Fern street, was seriously burned about the head and right hand late Tuesday morning when he set fire to a celluloid sun visor while playing with matches.

He was taken to the Jameson Memorial hospital, where he is undergoing treatment for his injuries.

Denies Slaying Sister's Infant

Pittsburgh Woman Says She Confessed "To Get Them Away From Me"

(International News Service)

PITTSBURGH, April 29.—Wilma Lettrich, 26-year-old Tarentum farmgirl, fought for her life today with a flat denial and repudiation of an alleged confession in which, county detectives said, she had admitted the slaying of her unwed sister's baby and the cremation of its body in the family furnace.

On the stand in her own defense, Miss Lettrich told the jury that she had been taken from her home when she was ill, and that county detectives had put her through such a grueling examination, she told them the story "just to get them away from me and have some peace."

She claimed she had turned the baby over to its father.

In anger and in tears, she screamed denials at Assistant District Attorney Earl G. Jackson during cross-examination, and shouted that she had been threatened when "someone put a shot in our mailbox."

Demote Veteran Chief Of Police

SHARON, Pa., April 29.—Police Chief Charles B. Steger was reduced to a patrolman's status by Sharon council, yesterday and Captain William E. Stuart was elected to succeed Steger. Sergeant Roy Mosley was promoted to a captainship. Captain Bert Rankin was re-named senior captain and Captain Paul R. Shaffer was re-elected. The action was a surprise although Steger was asked by Mayor Myron W. Jones in January to submit his resignation. Steger has been on the force since 1914 and chief since 1922.

## Red Cross Needs Clean White Cloth

Shortage Of Muslin Results In Appeal By Local Chapter For Sheetings

"Old sheets wanted!" This is the cry of the Lawrence County Chapter due to the apparent shortage of unbleached muslin now being met by the chapter.

Harry J. Cullford, Director of First Aid, has expressed the thought that a great many housewives in Lawrence County have in their possession, pieces of white material, one yd. sq. or more that could easily be given to the chapter without inconveniencing the housewife and it would find a very important place in the first aid program.

"We have tapped every supply for unbleached muslin and are fortunate in having had plenty on hand up to this time, but we are now finding it very difficult to purchase this material and are calling upon all of our good women to give us as they can of their old sheets, or other white washable material that can be used for a 36 inch or 40 inch bandage. If you have any material the chapter will be very happy to pick it up or you can drop it in the chapter house, 39 North Beaver street" Mr. Cullford states.

Agree to remain on active duty for four years, including period of training as aviation cadet, unless released soon by the Navy department. If

applicant is a minor written consent of parents or guardian is required. Be unmarried, and must agree to remain unmarried until appointed a commissioned officer unless sooner released by the Navy Department. Be educationally, morally physically and psychologically qualified for appointment as an aviation cadet, in accordance with prescribed standards. Have a minimum education of graduation from accredited high school. Must be able to pass the course screen test and fine screen mental tests, which are given at the recruiting stations.

and sons, Gene and Irvin, of New Castle, called on his father, I. M. Hofmeister, Sunday evening.

Mrs. Elton Knofsker and Mrs. Clarence Jones will be hostesses in entertaining the Loyal Ladies and Loyal Men's Bible classes of the Christian church at the Community hall on Thursday evening.

A Gentle Way to Treat Constipation!

Get up and cheer, constipation sufferers! If you are one of the millions of people with normal intestines who suffer due to lack of "bulk" in the diet — here's news of a gentler, pleasanter way to win welcome relief!

You see, many medicinal laxatives prod the intestines into action or draw moisture into them from other parts of the body. But KELLOGG'S ALL-BRAN, a crisp, delicious cereal, acts quite differently. It works principally on the contents of your colon, helping you to have easy and normal elimination. Eat it often and drink plenty of water. ALL-BRAN is made by Kellogg's in Battle Creek. If your condition is not helped, by this simple treatment, see your doctor.

## Ex-Banker, 83, Now A Citizen

(International News Service)

PITTSBURGH, April 29.—"Happy Jim" Davis, 83, an ex-banker, Tuesday became the oldest naturalized American citizen in the history of the federal court in Pittsburgh.

Born in Somerset, Eng., Davis, whose first name is James, felt so youthful he was willing to bet \$50 he could walk further than anyone in the federal building, including the mailman.

Davis plays 18 holes of golf daily in seasonal weather and walks 10 miles a day for exercise.

## Most Derby Money Chunked On Alsab

Showings Thus Far Notwithstanding, Alsab Still People's Choice

By EDWARD W. COCHRANE  
International News Service  
Sports Writer

LOUISVILLE, Ky., April 29 — No matter who the favorite may be when the field parades postward for the run for the \$75,000 and undying thoroughbred glory Saturday at Churchill Downs, there will be a ton of money riding on the whippers of the unpredictable Alsab.

There have been strange happenings on the turf. That's why 100,000 run down here to see the race. Didn't Gallahadion win two years ago when he was next to the longest priced winner in Derby history? Didn't a horse in the field once win the big race? They did. So no one can tell what will happen here.

There was a horse named Whirlaway. He would bear out, wouldn't he? Sure he would. As a two-year-old he was a bad actor in the stretch. Lost some races because of it.

On his two-year performance it was believed he would knock over all opposition in Florida. But he didn't. He won two and was third twice, which was not championship conduct, considering his opposition. He went to Keeneland to prep for the big race. He won one and finished second in another race. In the Derby trial he ran second.

On that form the fanatics figured he might not be the one to bet on in the derby and so they backed other nags. Then along came Whirlaway on Derby day and made the rest of those nags look like selling players, setting a new Derby record.

St. Margaret's baseball team of the City-County Independent Baseball league meets tonight at 7:30 o'clock.

Coonie Zarilla, acting supervisor, announced that players interested in playing are requested to attend the session.

Croton A. C. will play a pair of exhibition games this week.

Thursday night, the Crotonites face the West Side A. C. on Cascade street field and then journey to Lee avenue field to face the same club on Sunday afternoon. "Hop" Colalucia is manager of the Croton team.

Whirlway holds the derby track record of 2:01 2-5 for the mile-and-a-quarter, set last year. The previous track record at 2:01 4-5, was set by Twenty Grand in 1931.

CHARTAK CONVERTED  
A year ago Mike Chartak advanced to the Yanks as an outfielder. The Yanks set him to Kansas City to polish up as a first baseman. This year he's back with New York—an outfielder.

MOORE'S LESS  
There is less "Moore" in the big leagues this year. Joe Moore, veteran from the Giants, is with Indianapolis, and Gene Moore is with Montreal, coming down from the New York Yankees.

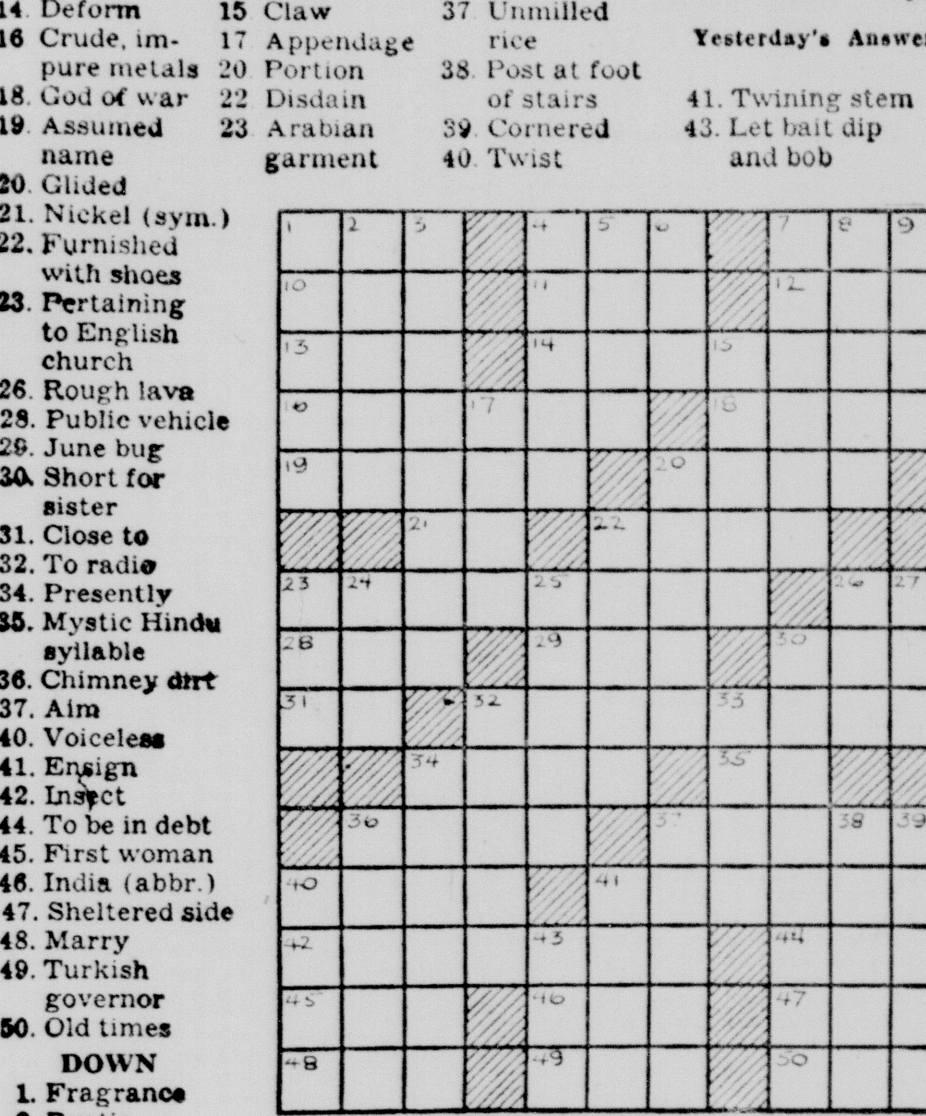

FARR ALONE  
Tommy Farr is in a class by himself—the only Joe Louis challenger who hasn't been kayoed in a title bout. Farr went 15 rounds with Joe and there has been no second meeting.

## New Castle Truck In Auto Accident

(International News Service)  
PITTSBURGH, April 29 — Mrs. Rose Sterner, 38, of nearby Glen Willard, was killed in an automobile collision in Coraopolis Tuesday. Edna Yates, of Indiana, Pa., alleged driver of the car and another woman, unidentified, escaped injury. Police said the Yates car collided with a truck driven by Dominick Fontana, 26, of New Castle. Fontana was not hurt.

## Wolverine Will Provide Scrap

(International News Service)  
ERIE, Pa., April 29 — The U.S.S. Wolverine, formerly the Michigan, one of the first iron-clad battle-ships, will be dismantled to aid the war effort, it was learned today. The ship is expected to yield 300,000 pounds of scrap iron. Navy officials requested action on the dismantling, and city council immediately undertook a study of plans.

## Persistent Talk Of Internal Difficulties In Italy Have Market Effect

(International News Service)  
NEW YORK, April 29.—The stock market met support and rallied today after sinking to new lows since 1934 in the early trading.

The big influence was the persistent talk of serious internal difficulties in Italy, heightened by Mussolini's warning against lack of discipline and frauds.

Losses running to a point in the early trading were wiped out in most cases and gains of a point and more substituted.

U. S. Steel was one of the strong spots, rising to a point to 46 1/2. American Telephone rallied after sinking to a new low. Other stocks to rise a point or more included Atchafalaya, Allied Chemical, Crucible Steel, Chrysler and Douglas Aircraft.

Backward issues included J. I. Case, American Sugar and Armour prior preferred, off a point or more each.

## Sailor Finds New Way To Make His Proposal

By JOHN HENRY  
(N. S. Staff Correspondent)

WITH THE ATLANTIC FLEET, April 29—Love will find a way despite war, and today William Hyde is prepared to prove it.

A 19-year-old Bluejacket from Detroit, Hyde found his heart all aglitter after he met Miss Alice Kreuger, 18, of Round Park, Ill. It was love.

The life of a sailor boy in wartime, however, offers little opportunity for Dan Cupid. There's small chance that a fellow in the fleet can return to his lady love and let Cupid rule the roost.

Bill Hyde knew all that, but, nevertheless, his plan to propose to Miss Kreuger was not thwarted. When his ship moved into the war zone recently, he visited the Chaplain for advice. The Chaplain gave considered counsel, recommending that Sailor Bill, perhaps, should wait a while to pop the question.

"But I couldn't wait," Hyde explained. "And I didn't want to put my proposal in a letter because I don't think I can write what I want to say as well as I can say it."

So Hyde consulted one of his shipmates, Pat Fasciale, of Hawthorne, N. J. They spiced an idea.

Fasciale, formerly an orchestra leader whose No. 1 hobby is music, recently purchased a recording machine.

Result is that Hyde simply spoke the familiar sweet nothings into the voice preserving instrument, concluded with something like, "will you be mine?"—and that was that.

Fasciale, however, insisted upon what he called the "romantic background," so before Hyde spoke his mind to Miss Kreuger's benefit, Fasciale installed a musical prelude on the record.

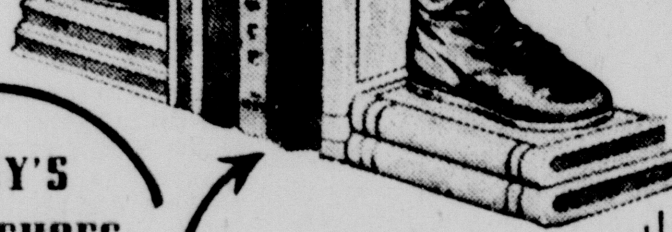

The music was contributed by a quartet known to their fellow sailors as "The Four Tones" who sang "I Love You Truly."

The next step was to mail the recorded disc at the next port of call, so all that remains in this saga of a sailor's love is affirmation (or denial) by petite blonde.

Hyde is confident, however, that his love will not be spurned. He explained that he was introduced to Alice at the Great Lakes naval station where he trained for the service.

"We met last May," he said, "and I fell in love the first day I met her. And I think it's mutual, too, because every time I hit port I get a pack of letters from her and I write her five or six times a week."

## Report Youth At N. Y. A. Center Here

Director Reports Number Of Persons At Center Graduate To Regular Jobs

Employment of local youths by war industries was announced today by John C. Pella, director of the New Castle NYA resident defense work center. John Massacci, Volant, Pa., obtained employment with the Youngstown Pressed Steel Co. of Youngstown, O.; Betty Sumner of this city with the Ellwood Products company of Ellwood City; Eugene Blitch of Volant with the Book Davis Sheet Metal shop of Grove City,

and Ralph Audino, New Castle, with the National Tube company of Ellwood City.

These young people had been living at the NYA center anywhere from two to nine months where they were preparing themselves, by actual work and related training, for private employment. They were respectively enrolled in the electric-arc and acetylene welding machine, sheet metal and machine shops, making and repairing articles for use by public agencies. They were also taking courses in training related to their work, given under supervision of the local schools and the State Department of Public Instruction.

These are four of the great number of young men and women from the New Castle NYA center who have obtained jobs during the past two months. The great majority of these youths have obtained jobs with defense plants.

At the present time there 216 youths from all sections of Pennsylvania enrolled at the New Castle NYA center, preparing themselves for jobs in war industry plants. At the center the young people live in a cooperative society and are paid \$39 a month, \$20 of which is returned for board, room, medical attention and other services.

## Five Hostages Shot By Nazis

(International News Service) VICHY, April 29—Five "Communist" hostages were executed by German authorities at Rouen Tuesday as a result of the shooting of a Nazi soldier by two unidentified men on bicycles.

Fifteen additional hostages will be shot if the culprits are not discovered, it was announced.
